

THE TRUMP IS BACK WITH USMCA*

They thought he would take NAFTA away,
but then The Trump's heart grew three sizes that day!

Auto Sector

By 2023, 40-45% of all auto sector labor must be paid \$16/hour minimum.

By 2023, 75% of a car must be manufactured in North America to qualify for zero tariffs (up from 62.5%)

Mexico's Workforce

In Mexico, manufacturing workers will gain increased power to unionize.

Female workers in Mexico will gain new protections from discrimination.

Agricultural Products

A reform of Canada's wheat grading process will help U.S. wheat producers become more competitive.

US dairy farmers now have access to Canada's market of Class 6 & 7 milk products, milk powder and milk proteins.

What will all of this mean to small-and mid-sized American and Canadian manufacturers?

Join our next monthly webinar to find out!

Entrada Group offers small-to-midsize manufactures expanding to Mexico a proven manufacturing support platform for long-term growth.
